Luxury well deserved
Service well-delivered

A Prathima Enterprise

Businesses when blessed with ingenuity can create new vistas. Our foray into hospitality is one such idea. We saw it as an opportunity to provide urban class standards and facilities to the emerging non-urban populace. With the underlying assumption being everyone wants the best.

Prathima Regency. A smart Prathima idea.

Luxury well deserved.

A town like Karimnagar with its vibrancy and floating population deserves a new standard in hospitality. The stay, food and leisure avenues need to be elevated to a level of an urban setting. That was the thinking behind the Prathima Regency.

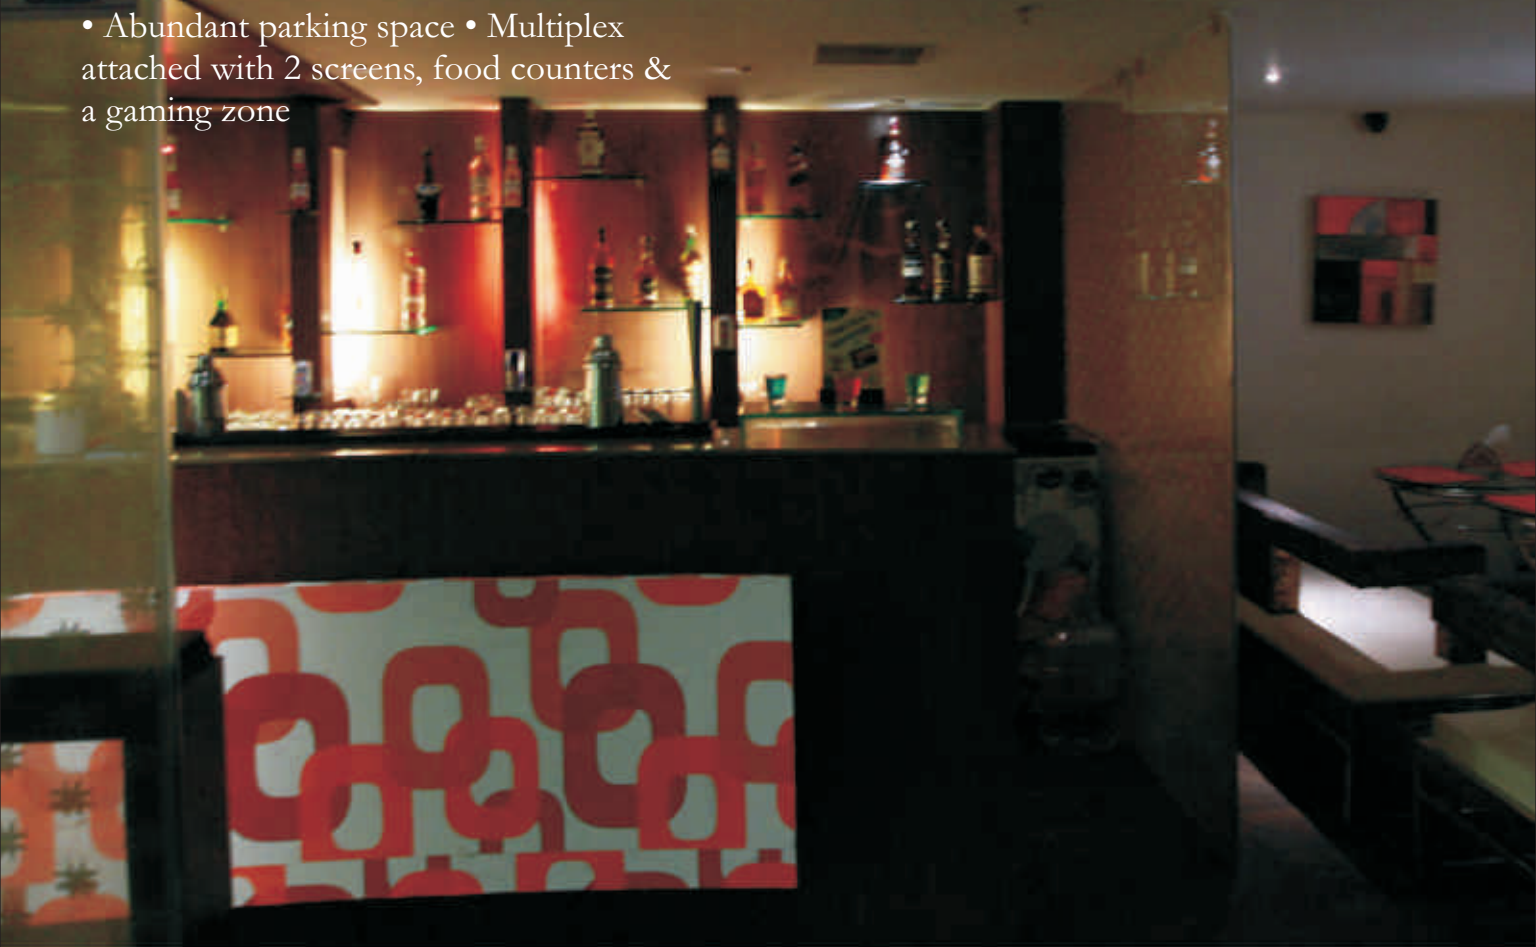

For us it was luxury well-deserved, service well-delivered, when we set up this 50 room hospitality complex. Well appointed rooms, and banquet facilities that perhaps even cities have only a few them. In fact the banquet halls at Prathima Regency are large and have no pillars. Unobtrusive, spacious for unhindered celebrations.

This hospitality complex is perhaps the only one that comes with a Multiplex attached to it!
